Mission

To provide ongoing, quality, client specific chemical dependency services to individuals under the supervision of the South Dakota Department of Corrections.

Overview

Operating with a budget in excess of \$2,000,000 the South Dakota Department of Human Services Division of Alcohol and Drug Abuse Correctional Substance Abuse Programs provide chemical dependency services at five Department of Corrections facilities located throughout the state. Incarcerated adolescents and adults as well as those on parole are offered a full array of prevention and treatment options depending on individual need.

A staff of 47 chemical dependency counselors and support staff serve populations at STAR Academy for adolescents, South Dakota State Penitentiary, Mike Durfee State Prison, Yankton Trustee Unit, and South Dakota Woman's Prison for incarcerated adults. Upon release from these facilities, a Parole/Release Coordinator links students/inmates to continued services in the community.

Working closely with the Department of Corrections, the Correctional Substance Abuse Programs have designed services to meet the needs of the institution as well as the client. Service provision includes:

- Assessments
- Prevention/Education
- Outpatient Services
- Intensive Outpatient Treatment
- Day Treatment
- Relapse Specific Treatment
- Referral

Our mission, to provide ongoing, quality, client specific chemical dependency services, supports our commitment to develop, enhance, and implement programming to serve the needs of all those under the supervision of the South Dakota Department of Corrections.

Structure

The Correctional Substance Abuse Programs are divided into 4 regional areas and Parole Services in order to ensure adequate organizational, administrative, and supervisory support:

- ◆ West Region: STAR Academy
- ◆ Central Region: South Dakota Women's Prison and Intensive Methamphetamine Treatment Unit
- ◆ South Region: Mike Durfee State Prison and Yankton Trustee Unit
- ◆ East Region: South Dakota State Penitentiary and Minnehaha County Work Release Center

Supervisory staff assigned to each region are responsible for the day to day operation of the units under their direction. Clerical functions are located in 3 of the 4 locations. The Central Region does not have clerical support.

Accreditation

All Correctional Substance Abuse Programs are fully accredited under the Administrative Rules of the State of South Dakota; Article 46:05.

Counselor Certification

All Correctional Substance Abuse Program Counseling Staff are certified through the South Dakota Certification Board for Alcohol and Drug Professionals. Trainee staff receive a 3 year recognition as they acquire the course work and experience to certify as Chemical Dependency Counselors. Certified staff (Level I, II, or III depending on education and experience) must reapply for certification every 2 years. In addition to a minimum of 20 hours of continuing education each year all staff are provided with initial and ongoing training through the Department of Corrections and the Correctional Substance Abuse Programs. Staff at all institutions receive 40-120 hours of Pre-Service Training through DOC as well as at least 80 hours through CSAP. Several Staff are also trained as Corrective Thinking Practitioners.

Relationship with Corrections

The Department of Human Services Division of Alcohol and Drug Abuse Correctional Substance Abuse Programs works in conjunction with the Department of Corrections to ensure that the chemical dependency prevention and treatment needs of both adolescents and adults are addressed. A Memo of Understanding outlines this relationship and the responsibilities of each agency in the provision of staff, programming, materials, training, and supplies.

ADOLESCENT SERVICES

Correctional Substance Abuse Programs

**STAR Academy
12279 Brady Drive
Custer, SD 57730-9647**

The STAR Academy is located approximately 5 miles south of Custer, comprised of 5 independent programs as well as an intake center.

Custer Intake and Holding Center

The Intake and Holding Center is a 38 bed unit that manages adolescent males coming into the STAR system. During the intake phase individuals are given a variety of assessments including chemical dependency, education, psychological, and medical to establish their appropriateness for, and needs in regard to programming.

Patrick Henry Brady Academy

The Patrick Henry Brady Academy offers a highly regimented, tightly structured program committed to return to their communities youth who are law abiding, respectful, healthy in mind and body and motivated to stay that way. It is modeled after the United States Marine Corps and serves low to medium risk juvenile males aged 14 to 18 who are physically able and mentally mature enough to participate in the program.

Youth Challenge Center

The Youth Challenge Center offers young men an opportunity to develop a sense of self-worth, to learn self-control, to gain insight into the problems that brought them to the attention of the court system, to improve their education, and to develop quality vocational and work skills. Focusing on counseling, education and work therapy the program serves up to 36 individuals.

Living Center

The Living Center is a 36 bed unit designed for young men that cannot return to their home environment. Many of the students in LCB are employed in the community of Custer and attend Custer Senior High School.

QUEST

Located in Custer State Park the Quality Educational Services and Treatment program is a licensed group home for girls which opened in December 1996. The program serves 24 juvenile females. QUEST serves girls that have in many cases been physically or sexually abused or who have significant chemical dependency issues.

ExCEL

Located in Custer State Park the Excellence in Counseling, Education and Lifeskills program is designed to improve the quality of life for female juvenile offenders through a short-term comprehensive wellness approach that includes counseling, education, life skills development, and positive role modeling for participants.

STAR ACADEMY

**Contact: Jack Stoddard
(605) 673-2521 ex 163**

Overview of Services

The Correctional Substance Abuse Program staff located at the STAR Academy provides the following services to the juveniles housed in that facility:

- ◆ **Assessment:**
 - All boys who enter the Custer Intake and Holding Center as well as those girls who enter the QUEST or ExCEL girls programs are given a full Chemical Dependency Treatment Needs Assessment or Update to clarify need for, and appropriate level of programming.
- ◆ **Pre-Intensive Treatment**
 - Pre-Intensive Treatment consists of 2 hours of services per week for a period of 6 weeks. Participants are provided with chemical dependency education, group therapy, and individual counseling to assist in preparing them for intensive outpatient treatment. (Youth Challenge Center and QUEST)
- ◆ **Intensive Outpatient Chemical Dependency Treatment:**
 - Intensive Outpatient Treatment consists of 9 hours of services per week for a period of 8 weeks. Participants are provided with chemical dependency education, group therapy, and individual counseling. (PHB Academy, Youth Challenge Center, and QUEST)
- ◆ **Continuing Care:**
 - Continuing Care consists of 4 hours of services per week for an ongoing period. Individuals who have completed treatment on site or at other facilities prior to arriving at CYCC may attend this program. (Youth Challenge Center, Living Center, and QUEST)
- ◆ **Referral:**
 - Those needing continued service subsequent to leaving the facility are referred to appropriate provider in their home community.

ADULT SERVICES

Correctional Substance Abuse Programs

**Mike Durfee State Prison
1412 North Wood Street
Springfield, SD 57062-0322**

The Mike Durfee State Prison is located on the campus of the former University of South Dakota at Springfield. The 1984 Legislature closed USD/S and authorized the Board of Charities and Corrections to establish the correctional facility. Springfield State Prison opened in December of 1984. On September 10, 1999 the prison was renamed in honor of Mike Durfee, Deputy Director of the South Dakota Department of Corrections.

Male inmates housed at the prison are selected from the inmate population at the Penitentiary in Sioux Falls. Male inmates cannot be sentenced directly to the facility in Springfield and they must have reached a medium security status and good disciplinary record to transfer to the facility in Springfield.

In addition to Chemical Dependency Services and treatment for sex offenders, Literacy, Adult Basic Education, GED, Vocational Education in Welding, Machine Tool, Auto Body, Business and Occupations, Landscape/Horticulture and Building/Custodial are also offered.

Mike Durfee State Prison

**Contact: Wayne Dougherty
(605) 369-4420**

Overview of Services

The Correctional Substance Abuse Programs staff located at Mike Durfee State Prison provide the following services to the inmates housed in that facility:

- ◆ Intensive Outpatient Chemical Dependency Treatment:
 - Intensive Outpatient Treatment consists of 15 hours of services per week for a period of 6 weeks. Inmates are provided with chemical dependency education, group therapy, and individual counseling.
- ◆ Relapse Treatment:
 - Relapse Treatment consists of 15 hours of services per week for a period of 6 weeks. Focusing on individuals who have had prior treatment and returned to the system as a result of their chemical use this group deals with issues specific to relapse and the development of specific recovery strategies to avoid future problems.
- ◆ Continuing Recovery Class:
 - A one hour Continuing Recovery Class is available on an on-going basis for inmates who have completed treatment and wish to further develop and enhance their recovery knowledge and skills. Inmates earn elective credits for attending this program.
- ◆ Twelve-Step Study Group:
 - A one hour Twelve-Step Study Group is available on an on-going basis for inmates who are seeking more information regarding twelve-step programs such as Alcoholics and Narcotics Anonymous. Inmates earn elective credits for attending this program.
- ◆ Referral:
 - Those needing continued service subsequent to leaving the facility are referred to appropriate services in their home community.

Yankton Trustee Unit
PO Box 7600
Yankton, SD 57078

The Yankton Trustee Unit is located in the Pierce Building on the grounds of the Human Services Center. Opened in the 1970's to provide support services for the Human Services Center, it is a minimum security facility that has grown to a working unit with a population ranging from 150 to 240 adult male inmates. The YTU provides workers for several different programs including the Human Services Center, Community Service Projects, and work release.

In addition to Chemical Dependency Services YTU provides GED and elective educational classes, a wide range of recreational activities, and a variety of religious services.

Yankton Trustee Unit

**Contact: Wayne Dougherty
(605) 369-4420**

Overview of Services

The Correctional Substance Abuse Programs staff located at Yankton Trustee Unit provide the following services to the inmates housed in that facility:

- ◆ Intensive Outpatient Chemical Dependency Treatment:
 - Intensive Outpatient Treatment consists of 15 hours of services per week for a period of 6 weeks. Inmates are provided with chemical dependency education, group therapy, and individual counseling.
- ◆ Day (Short Term) Treatment:
 - Day Treatment consists of 20 hours of services per week for a period of 4 weeks. Inmates are provided with the same format as that in the Intensive Outpatient Program but in a more intensive, short term, approach. This program serves inmates who are near the end of their incarceration or who have significantly short sentences to complete.
- Intensive Outpatient Chemical Dependency Treatment for the Community Transition Program.
 - Intensive Outpatient Treatment consists of 15 hours of services per week for a period of 6 weeks. Inmates are provided with chemical dependency education, group therapy, and individual counseling.

Intensive Outpatient Chemical Dependency Treatment Specific to the Native American Population.

- Program consists of 15 hours of service per week for a period of 6 weeks. Inmates are provided with chemical dependency education that is specific to the Native American Culture, group therapy and individual counseling.
- ◆ Referral:
 - Those needing continued service subsequent to leaving the facility are referred to appropriate services in their home community.

**South Dakota State Penitentiary
1600 North Drive
PO Box 5911
Sioux Falls, SD 57117-5911**

The South Dakota State Penitentiary is located in Northern Sioux Falls, SD occupying approximately 30 acres. First constructed as a territorial prison in 1881, it became the SDSP when South Dakota was granted statehood in 1889. Though much of the original building remains, numerous structural changes have occurred over the intervening years. The penitentiary contains three housing units; West, South and North.

The G. Norton Jameson Annex opened in February 1993, as a secure unit adjacent to the main building of the South Dakota State Penitentiary. The Jameson Annex contains two housing units within a secure perimeter, Unit A and Unit B. These units are utilized for maximum custody inmates and as a disciplinary segregation unit. Also located in the Jameson Annex are the Admissions and Orientation Unit for new inmates entering the South Dakota Department of Corrections and the Mental Health Unit. There is a minimum security unit located outside the perimeter fence, Unit C.

Inmates may be employed in institutional support or prison industries. Institutional support includes food services, clerking in various departments, cell orderlies or maintenance. Prison Industries include upholstery, printing, sign, decal, housing, license plates, carpentry, book bindery, machine shop, Braille, garments, and data entry. All of the work except housing, garment, and data entry are done at the Penitentiary.

In addition to Chemical Dependency Services and treatment for sex offenders, inmates are offered Mental Health Services, literacy, Adult Basic Education and GED classes.

South Dakota State Penitentiary

**Contact: Jessica Cook
(605) 367-5799**

Overview of Services

The Correctional Substance Abuse Program staff located at the South Dakota State Penitentiary and the Minnehaha County Work Release Program provides the following services to the inmates:

- ◆ Initial Screenings:
 - All adult male inmates who enter the South Dakota Department of Corrections system through the Jamison Intake Unit are screened to determine a need for chemical dependency services.
- ◆ Intensive Outpatient Chemical Dependency Treatment:
 - Intensive Outpatient Treatment consists of 15 hours of services per week for a period of 6 weeks. Inmates are provided with chemical dependency education, group therapy, and individual counseling.
- ◆ Relapse Treatment:
 - Relapse Treatment consists of 15 hours of services per week for a period of 6 weeks. Focusing on individuals who have had prior treatment and returned to the system as a result of their chemical use this group deals with issues specific to relapse and the development of specific recovery strategies to avoid future problems.
- ◆ Continuing Recovery Class:
 - A one hour Continuing Recovery Class is available on an on-going basis for inmates who have completed treatment and wish to further develop and enhance their recovery knowledge and skills. Inmates earn elective credits for attending this program.
- ◆ Twelve-Step Meetings:
 - Alcoholics and Narcotics Anonymous meetings are available 2 evenings per week.
- ◆ Referral:
 - Those needing continued service subsequent to leaving the facility are referred to appropriate services in their home community.

**South Dakota Women's Prison
3200 East Highway 34
C/O 500 East Capitol Avenue
Pierre, SD 57501-5070**

The South Dakota Women's Prison is located in the Solem Public Safety Center which also houses the state corrections offices and law enforcement agencies of the state, county, and city governments. In 1995, legislation was introduced that authorized the construction of a new women's prison in Pierre which was dedicated in October 1997. After passage of the bill, the idea was pursued of joining resources with local governments to best utilize the new facility. In 2006, the prison expanded into the old DCI building and implemented an Intensive Methamphetamine Treatment Program.

In addition to Chemical Dependency Services and treatment for sex offenses, literacy, Adult Basic Education and GED classes are available.

TRANSITION AND COMMUNITY SERVICES

Correctional Substance Abuse Programs

Transition and Community Services

**Contact: Jessica Cook, Interim
(605) 367-7685**

Overview of Services

The Correctional Substance Abuse Programs staff provides services to parolees at three separate sites:

- ◆ The Director of Transition and Community Services provides oversight as well as coordination of services delivered to parolees. Located at the South Dakota State Penitentiary this position works directly with DOC institutional staff, parole services administration, parole officers, and community providers to ensure that all parolees are provided with appropriate and timely links to services post release.
- ◆ Relapse Treatment:
 - In conjunction with the Supervision Intervention Program Relapse Treatment consists of 15 hours of services per week for a period of 6 weeks. Focusing on individuals who have had prior treatment and returned to the system as a result of their chemical use this group deals with issues specific to relapse and the development of specific recovery strategies to avoid future problems. This program serves parole violators as well as those who have been continually incarcerated.

1,273 Parolees were referred to Community Agencies in FY06. Breakdown of referrals:

Service	Number of Referrals	Yearly %
Level I Aftercare Services	925	73%
Level II.1 IOP in the Community	138	11%
Level II.1 Slip/Slot (from Prison)	23	2%
Level II.1 Slip/Slot (from Streets)	11	<1%
Level III.1 Residential Placement	175	14%
Level II.5 Day Treatment	0	0
Level III.7 Inpatient Treatment	1	<1%
Level III.7 Dual Diagnosis programming	0	0

Parole Services is the oversight division for the parolees under supervision of the Department of Corrections. Parole Services consists of Parole Agents, Supervisors, and support staff who are responsible for monitoring the day-to-day activities of the parolees. Parole Agents conduct investigations, assist with parole revocation hearings and assist in finding necessary community services where available.
